

Proposal for Thesis/Internship Paper/Capstone Project (MALAS 2020)
Approval form, usually completed and filed 2nd semester of program

During the first year of MALAS studies, each student will develop a thesis research proposal, an internship proposal, or a capstone project proposal, following guidelines in the Graduate Handbook.

In semester 2, before a student launches major work on the project, the Chair of thesis committee or Supervisor of internship or capstone project must formally approve the proposal, and student must file signed document electronic copy of the Proposal with Po Echeguren.
